- A resident of the county for 30 days before the election

How to Register

- You may register to vote by completing the New Jersey State Voter Registration form which can be found on www.kace.org/election. Once the form is completed, you can submit by mail to your County Commissioner of Registration or Superintendent of Elections. If you wish to submit your registration form in person, please contact your local Board of Elections office.

- You may also register to vote online at https://voter.svrs.nj.gov/register. To register online, you need your date of birth and one of the following forms of identification:
  a) A current and valid Driver’s License or a non-driver Identification Card (ID card) issued by the New Jersey Motor Vehicle Commission (MVC)

- You can call 1-877-658-6837 Voter Information and Assistance Line to request a registration form.

In 2002, the United States Government enacted into law the “Help America Vote Act” (HAVA) which requires that any first time voter registering must provide some additional identification. The law requires that the voter provide his/her Driver’s License or Non-Driver ID number, the last four digits of his/her Social Security Number, or a bank statement, utility bill, etc. This only pertains to new voters who are registering for the first time as of 2003.

Voter registration in New Jersey is permanent. However, to assure that your registration remains valid you must notify your county Commissioner of Registration or Superintendent of Elections of your new address whenever you move or if you change your name. This can be accomplished by completing a new voter registration form with updated information and returning it to your county Commissioner of Registration or Superintendent of Elections.

Party Affiliation

Party Affiliation and the Primary Election System
In a Primary Election, only voters registered with a party may vote to nominate their party’s candidate. Candidates nominated by the parties for each office then appear on the General Election ballot, along with any independent candidates who successfully petitions to gain access to the General Election ballot without running in a party primary.

Voting in Party Primary Elections
Only voters enrolled in one of the parties conducting a primary may participate in that party’s election, unless a party’s rules otherwise provides. In New Jersey, a registered voter currently affiliated with a political party who wishes to change their party affiliation must file a Political Party Affiliation Declaration Form 55 days before a Primary Election.

A registered voter currently not affiliated with a political party may declare their party affiliation up to and including Primary Election day.

All registered voters are eligible to vote in General and Special Elections.

To Change Your Party Affiliation
You can change your party affiliation by printing and completing a Political Party Affiliation Declaration Form and sending the signed form to the Commissioner of Registration in your county.

Keeping Your Registration Current
What the Law Says
Your residential address determines which elections you are eligible to vote. If you have moved, you can use the voter registration form as a change of address form.

To Make Changes to Your Registration
If you move or change your name, you can keep your registration current by completing a new voter registration form with updated information and returning it to your county Commissioner of Registration or Superintendent of Elections.

Vote By Mail
All active registered voters in New Jersey will automatically receive their vote by mail ballot in the mail at the address where the voter is registered for the November 3, 2020 General Election. You can check your voter registration status by visiting: https://voter.svrs.nj.gov/registration-check.

If you do not receive your ballot and are registered, please contact your county clerk to determine the status of your ballot and next steps.

Note: The post office has advised that they cannot guarantee timely delivery of ballots applied for less than 15 days before an election. KACE suggests voters send their vote by mail application as soon as possible to avoid any complications due to late mail delivery times.

How to Cast a Mail-In Ballot:

1. First step is to open all the pieces but do not rip off the perforated flap on the smaller envelope. Do not throw anything away.

2. Complete the ballot by fully filling in each bubble. Read the instructions to see what kind of writing instrument you can use.

3. After your ballot is complete, put the ballot into the smaller envelope. The envelope will have a place for your signature - a certification - on the back. Do not detach the perforated certification from the envelope. Depending on your county, some envelopes may have your name and address pre-printed while some may ask you to add your name and address. Sign the certification in blue or black ink.

4. After placing your ballot inside the smaller envelope, make sure to seal the smaller envelope.

5. Place the smaller envelope into the larger envelope. Some counties will have a pre-printed address that has to line up in the window of the larger envelope. Make sure to seal the larger envelope properly.

6. Add your return address to the larger envelope.

7. You may return the ballot in any of the following ways:
   a. By mail:
      • You must postmark your vote by mail ballot on or before Jun 7, 2022 and received by June 13, 2022 for your vote by mail ballot to be valid.
