If you wish to submit your registration form in person, please contact your local Board of Elections office.
• You may also register to vote online at https://voter.svsr.nj.gov/register. To register online, you need your date of birth and one of the following forms of identification:
  a) A current and valid Driver’s License or a non-driver Identification Card (ID card) issued by the New Jersey Motor Vehicle Commission (MVC)
  b) A Social Security Number (SSN). To use your SSN, you must have the ability to sign on-screen or upload your signature to complete the registration process.
• You can call 1-877-688-6837 Voter Information and Assistance Line to request a registration form.

In 2002, the United States Government enacted into law the “Help America Vote Act” (HAVA) which requires that any first time voter registering must provide some additional identification. The law requires that the voter provide his/her Driver’s License or Non-Driver ID number, the last four digits of his/her Social Security Number, or a bank statement, utility bill, etc. This only pertains to new voters who are registering for the first time as of 2003.

Voter registration in New Jersey is permanent. However, to assure that your registration remains valid you must notify your county Commissioner of Registration or Superintendent of Elections of your new address whenever you move or if you change your name. This can be accomplished by completing a new voter registration form with updated information and returning it to your county Commissioner of Registration or Superintendent of Elections.

Party Affiliation

Party Affiliation and the Primary Election System
In a Primary Election, only voters registered with a party may vote to nominate their party’s candidate. Candidates nominated by the parties for each office then appear on the General Election ballot, along with any independent candidates who successfully petition to gain access to the General Election ballot without running in a party primary.

Voting in Party Primary Elections
Only voters enrolled in one of the parties conducting a primary may participate in that party’s election, unless a party’s rules otherwise provides. In New Jersey, a registered voter currently affiliated with a political party who wishes to change their party affiliation must file a Political Party Affiliation Declaration Form 55 days before a Primary Election.

Depending on your county, some envelopes may have your name and address pre-printed while some may ask you to add your name and address. Sign the certification in blue or black ink.
